Marshall Mutual Aid Association,
OF MARSHALL, MICH.

BENEFITS TO MEMBERS ARE AS FOLLOWS:

To persons between 16 and 35 years, $2,500, payable at death, total disability, or in 20 years from date of application.
To persons between 35 and 47 years, $2,000, payable at death, total disability, or in 13 years from date of application.
To persons between 47 and 60 years, $1,500, payable at death, total disability, or in 12 years from date of application.

Membership Fee, $10; Death Assessments, $1, and Annual Dues, $1.50.

This Association is purely Mutual, its officers being elected annually by the policy holders, and furnishes insurance at the actual cost of carrying the risk.

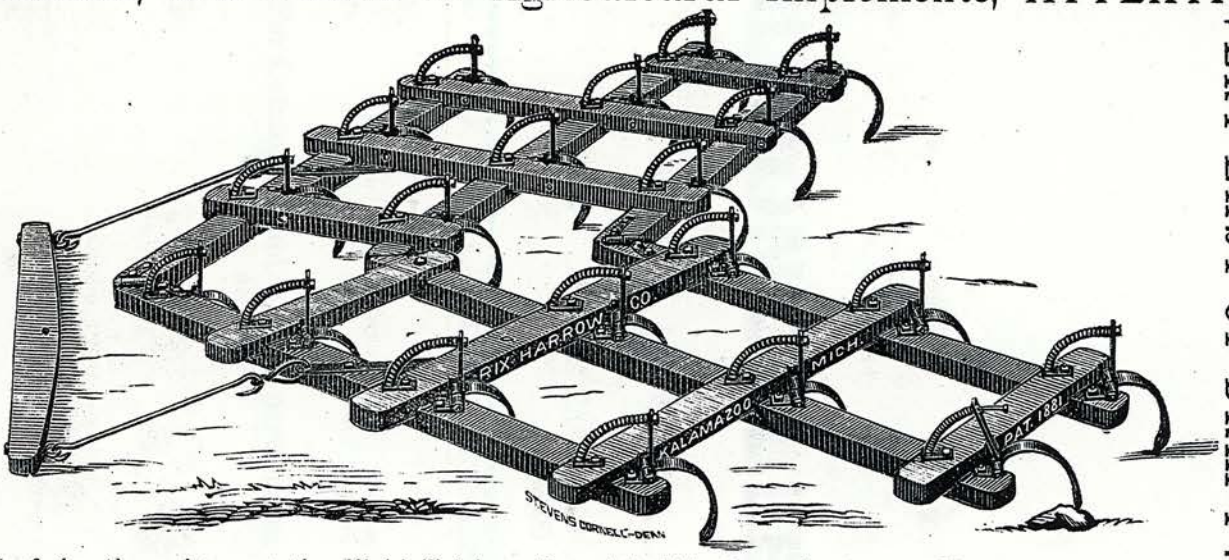

The record of the Marshall Mutual is unexcelled in the annals of life insurance, viz: During its first twenty months of existence it issued 125 policies per month on an average, and suffered only one death loss. It would be well to examine the desirable features of this Association before insuring elsewhere.

FARMERS, and Dealers in Agricultural Implements, ATTENTION!

SPRING-TOOTH HARROW.

RIX IMPROVED

This cut fairly represents a 20-tooth

VERY EASY OF DRAFT!

SIMPLE IN CONSTRUCTION!

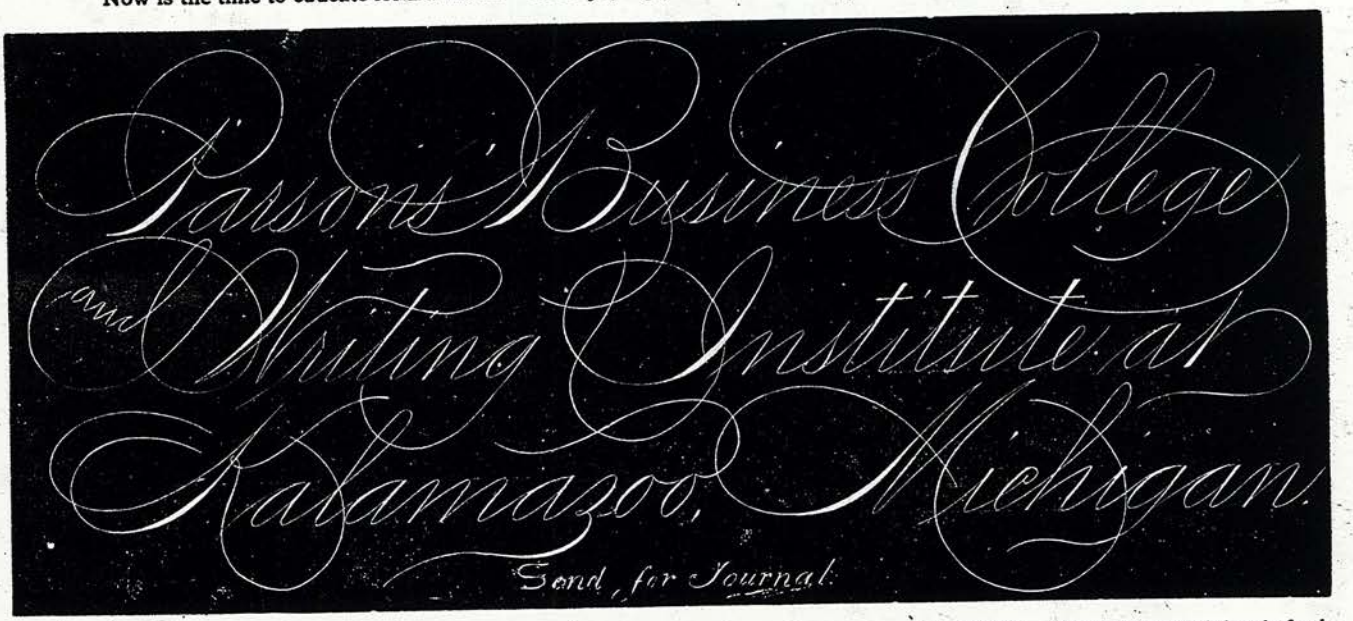

LIGHT IN WEIGHT! EFFICIENT IN WORK!

The award of the Committee at the Field Trial, at Grand Rapids, June 6, 1882:—"The principal competitor with the ix Harrow was the well-known Spring-Tooth Harrow, manufactured by D. C. & H. C. Reed & Co. of the same place, which id excellent work, but in view of the draft being some thirty per cent heavier than the Rix Harrow, and the economy of eeth and the ease of adjusting the same, being much in favor of the Rix Harrow, we are compelled to award the most erit to the latter. The draft of each harrow was carefully measured with a dynamometer.

MAYHEW

BUSINESS COLLEGE

CHAMBER OF COMMERCE, DETROIT,

Board of Trade Entrance, 156 Jefferson Avenue,

Excels in preparing Young Men and Women for Business. It has the greatest number of valuable departments of any simular institution in Michigan, all of which are strictly first-class. Students leaving other institutions and entering here, say they learn more here in one month than elsewhere in twice or thrice this time, thus receiving better instruction and saving both time and money.

The Mayhew Business College has apartments

Of Penmanship and Commercial Arithmetic,
Of Bookkeeping and Business Practice,
Of Telegraphy, and of Shorthand.

Typewriting is also taught. The demand for young men and women who are thoroughly acquainted with these branches exceeds the supply. Applications come to this College for Bookkeepers, Telegraph Operators, and shorthand writers, from Detroit and Michigan, and distant Cities and States, in greater numbers than we are able to supply.

For Circulars giving full information of all its departments, call at the College,

NO. 156 JEFFERSON AVENUE,

(Entrance by Elevator,) or address the President,

IRA MAYHEW, LL. D.

PREFACE.

IN presenting the present work to the public, we do it, hoping that they will overlook any little errors that may occur. It is always impossible to make a work of this kind without a single error, but our endeavor has been to give as reliable a work as can be made, sparing neither time nor expense. To our original idea of making a Directory of Battle Creek alone, we added Marshall and Albion, with a Business Directory of most prominent villages in the vicinity, at the request of several business men. We thank our patrons for the liberal way they worked with us, and to the citizens in general for the manner in which information was given when requested.

A. G. NEDHAM & CO.

PROPRIETORS OF
TRADE MARK. ASTORIA TRADE MARK.
THE PERFECT HAIR DRESSING
NATURE'S REMEDY.

To preserve the hair in youthful beauty, both in color and luxuriance of growth.

It renews the hair on bald heads, turns gray hair to its natural, or a darker, shade, cleans the scalp of all dirt, grease and dandruff. It stops the further death of the hair, preventing its further falling off, in a very short time (three or four weeks), and makes the hair soft and glossy. Of great value in relieving headache.

It is not a dye; it will not stain or even grease the most delicate fabric. No greasy pillow cases, hats or collars, from its use. It is a vegetable compound.

The bright, gay flowers that perfume the balmy air, contain those elements that beautify the hair.

We, the undersigned, citizens of Marshall, certify that we have used Dr. H. A Peterman's Astoria, or hair dressing, and have found it in all respects as represented, and a perfect hair grower.
