PREFACE.

It is with pleasure and pride that the publishers present to the citizens of Marshall, the first complete directory of the city that has ever been published. In addition to the city directory proper, we have also arranged a list of the voters of the townships of Marshall, Convis, Lee, Eckford, Marengo and Fredonia who receive their mail at the Marshall postoffice. Great care has been taken in the preparation of this list and we feel sure that it will prove a valuable feature.

Very few are acquainted with the many difficulties and aggravations incident to the publication of a book of this nature. A directory is intended as a complete mirror of a city which reflects in a true light all matters of interest and value to the public at large.

It is not profit alone that prompts or directs these works, but an absolute need of them, and all cities have and support these indispensable wants.

That Marshall is in a state of prosperity, is apparent everywhere and we congratulate her citizens most heartily.

Extending thanks to our patrons and to all who have so kindly furnished us with information which assisted materially in making this publication a success we remain

Very respectfully,

LEWIS & ARTHUR,

Publishers.
